"I believe in you. I've been making trips to this remarkable university for about a decade now and I have always found this place inspiring. I love what it was founded to be, and I love what it has become. More importantly, I love what you and the other scholars and leaders it has produced have become."

- Seanus McGraw, Commencement Speaker

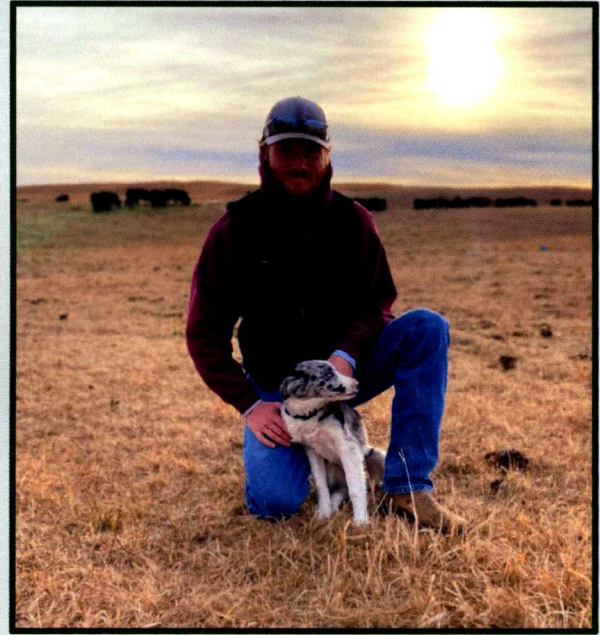

In Memory Of  
*Andrew Looney*

Graduate of the Class of 2021

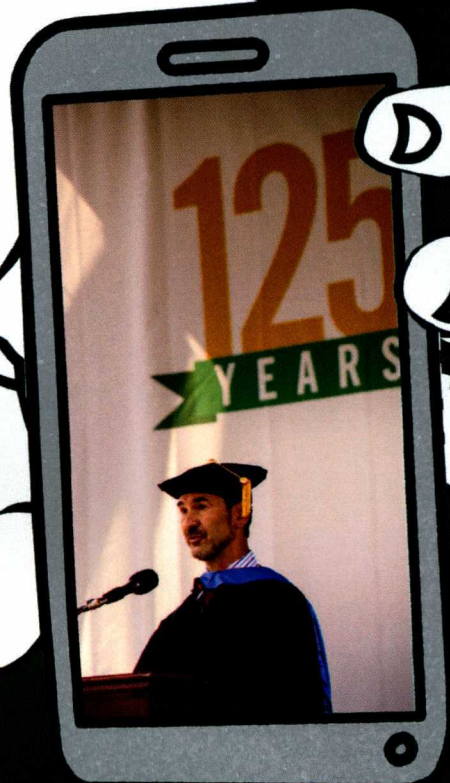

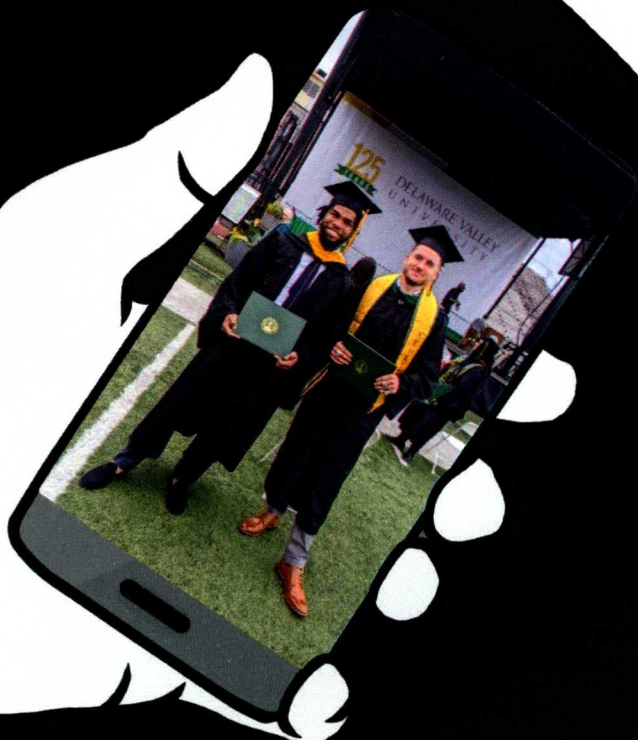

"I was fortunate to know Andrew for his entire DelVal experience, both as his advisor and teacher. Andrew was a good kid, hard-working, and responsible. He was doing what he loved, working in agriculture on a farm in Nebraska while finishing up his course work. He was putting farm management and his interest in livestock and equine into practice. Andrew Looney exemplified the DelVal Aggie."

- Professor John Urbanchuk, Chair of the Department of Agribusiness
